

THANK YOU FOR YOUR INTEREST IN **FREEDOM HEALTHCARE!**

It's time to launch the new "health" care system based on foundational health given to humanity through God's 'nature.'

The current health systems established "standard of care" means individuals reside inside the "sick" system, with the only options offered are prescription drugs to alleviate symptoms. Nowhere in the current system is there the drive to get to the root cause of illness and disease, to truly heal at a foundational level.

Freedom Healthcare will bring the new "*Standard of Health*" to America and beyond, by focusing all patient/member care on root causes to make way to natural healing. All forms of natural, holistic, alternative, organic, select Western medicine, as well as traditional remedies/healing techniques and technologies will be available throughout our private membership association.

Traditional and non-traditional providers will bring their expertise into the future of "health" care, making way for the needed shift to overall well-being, focused on spirit-mind-body and our God-given immune system.

Freedom Healthcare will launch in four phases: Telehealth, Direct Primary Care Clinics/Urgent Care fusions, Micro-Hospitals, and finally educational and training centers. **Freedom Healthcare** is a Non-Profit Private Ministerial Association, and our ministry is healthcare. As a 508 (c)1(a), all donations are tax-deductible, and our ministry introduces each phase based on contributions.

This movement is for the people, by the people and it will take a collaborative effort to bring every phase to reality.
